PARENT/GUARDIAN PLEDGE

I, _____, pledge to send my student to school every day that school is in session because I understand the connection between attending school and being successful. I want to see my student achieve their goals in life and I believe that with an education all dreams are possible.

I understand that attending school is vital in the education that our district teachers deliver to our students. Therefore, I agree to monitor my child's daily attendance and collaborate with teachers and administrators to keep them on track.

I pledge to partner with the school and encourage my student to do their best each day!
